30-Day Bible Reading Plan in the Book of Ephesians

<https://www.bible.com/reading-plans/37459-ephesians>

In any type of warfare, it is absolutely important to know your enemy, to have the proper weapons at your disposal, and to follow the operational battle plan of the Commander. As we focus this year on our theme, "Armored Up" we will look at the Commander's (GOD) battle plan. We will also look at the battleground upon which we fight, the type of war we fight, the enemy we fight against, and the weapons that God has made available to us through Christ. Three particular, and most necessary weapons, include prayer, scripture, and strong Christian community (ALLIES).

As such, we begin this year with a 30-Day Reading Plan in the Book of Ephesians. We will not be able to defeat the enemy without a knowledge of scripture. It is absolutely necessary that we take the time to read the Bible Daily. The Word is our weapon. It is the "Sword of the Spirit". So, as we "put on the whole armor of God" our prayer is that each of you will accept the challenge of taking up the "Sword of the Spirit". Let's make Bible reading our priority in 2025.

Before you scroll read scripture. Before watching YouTube check out YouVersion. And before video gaming talk to God. Our reading plan begins January 6, 2025. Set a daily reminder for yourself, post a sticky note on your bathroom mirror, and partner with a friend who will hold you accountable as well as join you in the reading. You may access the plan via the [YouVersion Bible App](#) or simply follow the reading plan as outlined below. Enjoy and thank you in advance for your faithfulness!

Additionally, please complete the Daily Refresh on the YouVersion App each day. I encourage you to invite at least 5 friends to read the plan with you, make notes, hold one another accountable, and pray together. This can all be done in the app or via group chat or text.
